## About GoWeddingFlowers

GoWeddingFlowers is a specialist wedding & event florist based in Kingsland, Auckland. We appreciate that no wedding is the same & we design your flowers to suit your individual taste & budget.

## Your Wedding / Civil Union

We realise that in these modern times not all bridal parties consist of 1 Bride & 1 Groom. The following price list can be used to select flowers for Civil Unions where there may be 2 Brides or 2 Grooms.

## Consultations

Meghann is available for consultation by appointment. Appointments can be arranged Monday – Friday between 11am & 6.30pm. Weekend appointments can also be made if your work commitments don't allow a week day visit. You will need to allow approximately 1 hour for this. Please contact Meghann if you're running late or need to postpone your meeting. We allow you 15 minutes leeway before the meeting would need to be rescheduled. Please be aware that if you are late your meeting may have to cut short if another meeting is scheduled following yours. Bring any pictures, colour & fabric sample with you as these will help to give an idea of your desired theme. You may wish to bring a friend or family member with you although bear in mind that sometimes more opinions create confusion. Children are also welcome however I advise that you bring an activity for them or a few toys so you can focus your attention on your wedding plans. There is no charge for your consultation.

## Quotes

After our initial consultation you will receive a written quote via email. This should be within 7 days of the consultation & is valid for 30 days from the date it was sent. On acceptance of this quote we require a deposit of \$100 as a booking fee. This deposit comes off the total cost of your wedding. Should you wish to cancel a booking we reserve the right to keep 50% to cover any costs incurred during the consultation process, i.e. time, emails & phone calls. Your deposit will become non-refundable if your booking is cancelled within 30 days of your wedding date.

## Payment

Payment is due in full no less than 7 days prior to your wedding. We accept cash, cheques (these must be cleared prior to your wedding date) & direct credit into our bank account.

## Public Holidays

If your wedding date falls on a public holiday a 15% surcharge will be added to your delivery & set up costs. There will be no extra cost for your flowers.

## Annual Events

If your wedding date falls during the week of Valentine's Day, Mothers' Day or the Christmas – New Year break a 20% surcharge will be added to your total wedding cost. This is necessary due to the increased demand for flowers & labour at these times making their overall costs higher.

**The following prices are exclusive of G.S.T.**

## Bridal Bouquets

### Hand Tied Posy

This is perhaps the most popular style of wedding bouquet. You can choose from one type of flower (in one colour or mixed) or mixed flowers (in one colour or mixed). A posy is round in shape & with a hand tied posy the flowers are left on their natural stems (although they may be wired for extra support). The advantage of natural stems is that the flowers can remain in water & continue to drink thus improving their lasting ability.

#### Price

Small	\$150
Medium	\$200
Large	\$250
Extra Large	\$300

### Wired Posy

To create a round posy some flower types require individual blooms to be wired onto artificial stems. These are generally the more delicate flowers, e.g. Frangipani, Orchids & Stephanotis. These bouquets are much more labour intensive which is reflected in their cost.

#### Price

Small	\$250
Medium	\$300
Large	\$350
Extra Large	\$400

## Trailing Bouquet

In most instances the flowers in a trailing bouquet would be wired to create the perfect shape although it is possible to create a trailing look on natural stems with certain flowers, e.g. Calla (Zantedeschia) Lilies & Moth (Phalaenopsis) Orchids. The size of a trailing bouquet will vary depending on which flowers are used, the style of the bridal gown & the height of the bride. We still want your guests to be able to see you when you walk down the aisle! The style of the bouquet can

range from a very structured & modern look to wild & cascading. This style of bouquet is the most labour intensive of all & this is reflected in the price.

### Price

Small	\$300
Medium	\$400
Large	\$500
Extra Large	\$600

### Simple Bouquets

This style is simple & elegant. This look is achieved by grouping flowers of one type on their natural stems all at the same length & binding them in the centre with ribbon in the centre. The stems are generally left long. Some flowers would still require wiring for extra support. Flowers suitable for this style are Tulips, Lilies, Callas & Roses.

### Price

Small	\$75
Medium	\$100
Large	\$125

### Single Stems

Sometimes a single stem is enough. This style is more suited to the larger flower types, e.g. Oriental Lilies, Orchids, Hydrangeas, Paeonies (when in season), Roses or Callas. The stem is bound in style of your choice.

### Price

Rose	\$30
Oriental Lily	\$30
Calla Lily	\$30
Hydrangea	\$30
Paeony	\$35
Orchid	\$40

### Hair Flowers

Single	\$10
Comb	\$30

### **A Bit of Bling!**

It is possible to add strings of crystals or pearls to your bouquet or diamantes in the centres of individual flowers. Another lovely addition is a beaded collar around the outside of the bouquet. The bouquet handle is usually bound in ribbon & finished with a bow. Alternatively, the stems can be bound in lace or an overlay of beads. Another lovely touch is to add a brooch or clasp for a more elegant look.

#### **Price**

Diamantes	\$2 each
Lace	\$10 per bouquet
Bead Strings	\$50 per bouquet
Brooches	\$50 each
Bead Overlays	\$50 per bouquet
Bead Collars	\$75 & upwards per bouquet

### **Bridesmaid's Options**

As a rule the Bridesmaid's would carry something to match their gowns &/or to compliment the wedding gown or wedding theme. Whatever is chosen will not outshine the Bride or her flowers. The Bride is the "Star" of the show!

### **Hand Tied Posies**

In most instances these would be smaller than the Bridal bouquet. You can choose from one type of flower (in one colour or mixed) or mixed flowers (in one colour or mixed). A posy is round in shape & with a hand tied posy the flowers are left on their natural stems (although they made be wired for extra support). The advantage of natural stems is that the flowers can remain in water & continue to drink thus improving their lasting ability.

#### **Price**

Small	\$75
Medium	\$100
Large	\$125
Extra Large	\$150

### **Wired Posies**

As with a wired posy for the Bride the individual blooms are wired onto artificial stems. These Bridesmaids' posies would usually be smaller than the Bride's. Once again this style of bouquet is much more labour intensive which is reflected in their cost.

**Price**

Small	\$125
Medium	\$150
Large	\$175
Extra Large	\$200

**Trailing Bouquets**

The size of a trailing bouquet will vary depending on which flowers are used & would be smaller than the Bride's bouquet. They range from a very structured & modern look to wild & cascading. In some cases a single flower may be all you need. This style is more suited to the larger flower types, e.g. Oriental Lilies, Orchids, Hydrangeas, Paeonies (when in season), Roses or Callas. The stem is bound in style of your choice.
